

## Grading Practices

School: Landstown High School, Governor's STEM and Technology Academy

Subject(s): SCIENCE—Earth Science

Grade Level: 9-12

### Homework

We assign classwork. If the student does not complete their classwork during the allotted time, we will collect it and return it to them the following class to complete. It will be graded as a classwork grade.

### Late Work

Ample class time will be given for students to complete assignments in class. Special consideration will be given to students with accommodations. Students cannot turn in an assignment late if the assignment has been graded and returned. Absent students have 3 consecutive days to complete missed work.

### Explanation of Zeroes

A zero will be placed in the gradebook as a placeholder and reminder that the assignment was not turned in. All efforts of the work being turned in will be utilized.

### Reassessment

Same as guidelines

### Make-up Work

Same as current guidelines.

### Extra Credit

There will no extra credit assignments for Earth Science.
